Targeted beauty
for "fine and curly hair"

Borage oil (Omega 6) reinforces softness of the curly coat. Supports healthy skin thanks to Omega 3 (EPA & DHA) and Omega 6 fatty acids. Optimizes continuous hair growth thanks to sulphur amino acids (methionine and cystine).

▾ Vision support

Supports the eyes' antioxidant defences (lutein, zeaxanthine, vitamins E & C).

▾ Tartar reduction

Helps reduce the formation of tartar thanks to a tailor made kibble with a layered texture and calcium chelators.

▾ Longevity of cognitive functions

Helps maintain the Poodle's cognitive functions thanks to a blend of antioxidants.

Exclusive kibble
